

Brain Awareness Week

March 9 - 15 2009

Calendar of Events

Calendar of Irish Events for International Brain Awareness Week March 9-15 2009

Brain Awareness Week is an international event organised in over 69 countries worldwide. The Neurological Alliance of Ireland is co-ordinating a series of events to mark the week all over the country. This calendar details the events happening in your local area. For frequent updates and more events, check out our website at www.nai.ie. The Neurological Alliance represents voluntary organisations working with people with neurological conditions in Ireland.

Brain Awareness Week 2009

March 9th—15th

Dublin 

NAI/ Care Alliance

10th March

The Neurological Alliance of Ireland will host a joint conference with Care Alliance Ireland "Always on my mind: Caring for a Person with a Neurological Condition". The one day event is aimed at family carers and service providers and will be held in the Radisson Hotel, Golden Lane, Dublin 8 on Tuesday 10th March. For further information and to download a full conference programme and booking form, see the NAI website, www.nai.ie or call the NAI at 01 8724120.

NAI/ Aware

11th March

The Neurological Alliance of Ireland, in association with Aware will host an evening lecture in St Patricks Hospital Dublin at 7.30pm on Wednesday 11th March on "Neurological Conditions and Depression". The speaker is Professor David Cotter, Senior Lecturer in Psychiatry, Royal College of Surgeons. For more information contact Aware at info@aware.ie or call 01 237 4900

Brain Awareness Week 2009

March 9th—15th

Headway/ Prof. Ian Robertson

10th March

STAY SHARP SEMINAR with Professor Ian Robertson of Trinity College, Dublin

7pm to 9pm

National College of Ireland, Mayor St, IFSC, Dublin 1

Professor Robertson is one of the world's leading researchers in brain rehabilitation. His most recent research shows how it is possible to improve mental function in ordinary people who don't have illness or brain disorders.

This interactive seminar will demonstrate how: exercise actually grows your brain and improves your memory; foods and vitamins make you sharper; to use your brain power or lose it; to unstress your brain – it doesn't like it, and that exercise keeps your brain fit. Professor Robertson will be kindly donating his proceeds from this workshop to Headway. The cost is €50, or €90 for 2 tickets. Visit: www.seminars.ie to book or see further details, or phone: 01 287 5524

Peter Bradley Foundation

11th March

The Peter Bradley Foundation will host an Information session on Acquired Brain Injury with transition year students in Donahies Community School, Donaghmede on Wednesday 11th March at 11am. For more information, contact Niall Higgins on 087 9884527

Headway/ TCIN

11th March

"Living with a Disordered Brain - Life after Brain Injury": Headway and Professor Ian Robertson of Trinity College Institute of Neuroscience will host a talk and Panel Q & A session at 7pm in the Science Gallery, Pearse St, Dublin 2. All are welcome.

Brainwave The Irish Epilepsy Association

12th March

Brainwave will be holding the Robert Bentley Todd Memorial Lectures to mark the 200th anniversary of the birth of Robert Bentley Todd, the Irish doctor who played a key role in developing a modern understanding of epilepsy. The lecture will be held in the Science Gallery, Trinity College Dublin from 11am to 2pm on Thursday 12th March. Speakers include Dr. EH Reynolds from King's College Hospital London and Prof. Graham Harding, leading expert in photosensitivity who will speak on the need for broadcast guidelines in Ireland. Call Brainwave at 01 4557500 or see www.epilepsy.ie for more information
